Foreword

It is January and real winter is here with a foot of snow as I start to write my 1958 Iris Catalog. My special interest is in hybridizing for reblooming iris. I have two rebloomers to introduce—Fall Fairy and September Sunshine. I also have one intermediate and a tall bearded iris to introduce. My garden is on the main road to Westport Point, Massachusetts about a mile from the Point. I have an Iris sign beside the road and will be pleased to have you call at any time.

G. Percy Brown

Introducing

- I. Fall Fairy—\$5.00**—Evelyn Pullar x October Shadows. It increases well if nitrogenous fertilizer is used. Very reliable spring and fall bloomer. Reblooms in September and October here. S-pale lavender fading to white closed. F-deeper lavender slight flare. Good pollen parent. Have number of nice seedlings from use of its pollen.
- II. September Sunshine—\$15.00**—Double Date x Fall Primrose. S-clear butter yellow addressed. F-flare—deep yellow shading to lighter at edges, orange beard. Styles same color as standards, slight fragrance—9 buds—4 branches, 36 inch stalk. First flower open last September 26. Just a few for sale. Fine tall bearded fall bloomer.
- III. Sea Orchid—\$10.00**—intermediate border iris late, not a rebloomer—Autumn Twilight x Captain Wells (Autumn Twilight x Tinted Porcelain). S-closed rounded waved edges, palest lavender and cream. F-slightly deeper lavender and cream—Brown Veins base of falls, slight flare. Styles same color. Reverse color of falls cream. Substance good. 4 wide branches—7 buds 26 inches. An orchid in effect—fine stalk, good for border of iris bed.
- IV. Chartreuse Chalice—\$20.00**—Tinted Porcelain x New Horizon. A chartreuse self—S-addressed chartreuse. F-flare chartreuse brown veins base of falls. Styles same color glistening finish.—Stalk 3 branches well placed, 7 buds—34 inches tall, beard—orange, substance—fine, slight fragrance—sets seed—a real super iris in a new collector. Not a rebloomer.

1957 Introductions
